- English
- Marathi
- Hindi

Summary

- I am Rahul Ramnor, a BSc IT student at Vidyalankar School of Information Technology (VSIT), with a strong foundation in Java, C, C++, and Python, and a passion for web development. I am expanding my skills in the MERN stack, ReactJS, and DSA in Java, using a hands-on, trial-and-error approach to problem-solving that fosters innovation. Quick to grasp complex concepts, I translate theory into practical applications and am familiar with databases like SQL and MongoDB, enhancing my web development capabilities.

Projects

- **Amazon Frontend Clone**
A visually accurate clone of the Amazon website's frontend, built using HTML and CSS to practice layout design, responsive elements, and styling techniques.
- **Asura Scans Comic Website Clone**
A frontend clone of the Asura Scans comic reading platform, created with HTML and CSS, focused on UI/UX design, typography, and accessibility.
- **Personal Portfolio Website**
A personal portfolio website created using HTML and CSS, showcasing my skills, projects, and professional background.

Skills
